*Financial Aid Department*

## *Correction for Program Code and Intent Code*

To qualify for financial aid funding, students must be enrolled in an aid-eligible, two year degree or one-year certificate program. The quarterly student record kept at the Registration and Records Office indicate what degree or certificate you will study while enrolled.

During the initial review of your financial aid file, we noted that you DO NOT have a program and/or intent code listed on your registration screen or that the code listed is not eligible for financial aid.

### **ACTION REQUIRED:**

#### **PLEASE DO ONE OF THE FOLLOWING TO CORRECT THIS PROBLEM:**

- If you **HAVE NOT REGISTERED**, you still need to make sure that your program and intent codes are noted in the registration screens when you complete the registration process.

#### **OR**

- If you **ARE REGISTERED** for the next quarter, please do one of the following:
  1. Call Registration and Records at 360-475-7200 and tell them that your program and intent codes need to be updated, or
  2. Fill out the bottom section of this letter and submit to a staff member in the Financial Aid Office, who will pass your information on to Registration and Records.
