## Associate of Science (Track 2) Major Related Program (AST2/MRP Opt 3)—Pre-Engineering 2011-2012 Computer and Electrical Engineering

This checklist is intended for students with an interest in an **engineering** major at a university in Washington State (Use Associate of Science, Track 2 for transfer outside of Washington). Students should meet with an engineering faculty advisor (see Note 1) and maintain this checklist while at Olympic College. The quarter before expected completion, this checklist, signed by the student and the academic faculty advisor, should be submitted with a graduation application to the Registrar's office. Note: Though courses in a foreign language are not required for the Associate of Science degree, some universities may require two or three quarters of foreign language for admission or for graduation.

**NOTE:** Prior to starting some or all of the following courses, students should:

- Complete ENGL 098 or earn a placement in ENGL& 101
- Complete CHEM& 139 or place into CHEM& 141
- Complete MATH& 142 or MATH& 144 or place into MATH& 151
- Complete ENGR 100, Introduction to Engineering
- Complete PHYS 110 or a rigorous high school physics class

Total: minimum 90 credits required (See Note 2), minimum 2.0 GPA (See Note 3).				

5 Jan, 2010 This form maintained by the Engineering Department

**Note 1:** For advising, new students should contact the Science, Engineering and Mathematics Advisor 360-475-7743: [SEMAdvisor@olympic.edu](mailto:SEMAdvisor@olympic.edu)  
For further advising contact either Dr. Jeff Brown, 360-475-7738, [jjbrown@olympic.edu](mailto:jjbrown@olympic.edu) or Linnea Hess, 360-475-7727, [lhess@olympic.edu](mailto:lhess@olympic.edu).

**Note 2:** It will require more than 90 credits to achieve junior standing, but the total depends on engineering major and transfer university.

**Note 3:** The Direct Transfer Agreement stipulates a minimum 2.75 GPA to be admitted to a Washington university as a junior (see Note 4). Although a 2.75 GPA allows admission to the institution, admission to a specific department in the institution is competitive and generally requires a GPA significantly higher than 2.75; contact advisors at the university for details.

**Note 4:** The University of Washington no longer is party to the DTA; however the minimum GPA for transfer to UW is 2.75.
