Front cover photo features students from OC's honor society, Phi Theta Kappa.

Phi Theta Kappa is the oldest International Honor Society for two-year colleges, and the largest honor society for higher education in the United States. The goal of this organization is to encourage scholastic achievements, as well as personal growth and development among two-year college students. Phi Theta Kappa uses a combination of Leadership, Honors and Service programs and activities to help stimulate growth and opportunity, while also encouraging fellowship among organization members and the community. Phi Theta Kappa opens many doors, which aids in success and future achievements, in the lives of its members.
