| 1              | Rosa Buss      | 2/23/21       | Verbal | Concern that the grievance procedure being repealed applied to employees as well as students, but that it has been replaced with one that may exclude employees. | The revised grievance procedure (Discrimination and Harassment Grievance Procedure) still applies to students and employees.   |
| 2              | Rosa Buss      | 2/23/21       | Verbal | What is meant by repeal?   | Clarified that in order to make revisions that harmonize the grievance procedure with the new Title IX rules, it had to be repealed from WAC, and that the revised version has been implemented as a College policy. |
| 3              | Rosa Buss      | 2/23/21       | Verbal | Has anything been removed in the revised grievance procedure that will change its applicability to employees?  | No.  |
