Call to Order – SGOC President, Aniya Clark

Constitutional Purpose Statement – SGOC Vice President, Samantha Stevens

We, the students of Olympic College, recognize the need for self-representation to initiate and promote student involvement in matters of concern to the student body. Therefore, we establish the Student Government of Olympic College to act as the democratic voice of the students and to engage the campus community through programming, services, and advocacy in accordance with the college mission. With these statements, we hereby ordain and establish this constitution and its By-Laws.

Merrie Moved to approve the budget reallocation of \$75,000 for FY 26 to be moved to the office of wellbeing to pay for RSEs and a PS2 position; Samantha Seconded

Motion Carried

- **Action Item: OC2C Budget Proposal - AI4 Convention & 2025-2026** – No one motioned to consider
- **Information Item: Student Handbook Spring 2025 Survey**
- **Action Item: Student senate RSEs:**
Originally, the line items for salary and wages only reflected part of an exempt manager position—the Director of Student Leadership and Engagement—and the SGOC advisor. This change doesn't impact on the overall dollar amount; it's simply a shift in how the budget is categorized. Instead of the exempt manager position appearing as a separate budget line, that funding is now allocated to an RSE line to cover the cost of paying senators. It's estimated at about 8 hours a week for 8

senators and aligns with what was outlined in the job posting. This adjustment provides a clear demonstration that we are following through on our commitments.

Merrie moved to approve the budget line change in the approved budget for Leadership Development, Department 55105, to split the salaries and wages and allocate \$52,416 to RSE positions for student senators; Samantha Seconded

Motion Carried

Officer Reports

- **SGOC President, Aniya Clark:**

Since our last Executive Council meeting, I've remained actively involved in Student Senate initiatives and have focused on strengthening connections across campus. I've been reaching out to various departments to foster open communication and collaboration between students and college leadership, ensuring that student perspectives are represented in key decision-making spaces.

Within my council, we've been reviewing current policies to identify areas that may need clarification or updates. Recently, we completed the second reading of the First Amendment Policy, submitted by the Facilities and Safety Council. Additionally, we held the first reading of the Registered Sex Offender Policy from the Student Advancement Council. From the Budget and Finance Council, we also reviewed two policies in their first readings: the Withholding of Services for Outstanding Student Debts Policy and the Tuition & Fee Refund Policy.

Looking ahead, I'm excited to continue building momentum on the projects we've launched.

- **SGOC Vice President, Samantha Stevens:**

Since the last EC meeting, I met with my mentor, Martin, and began actively working on the Course Evaluation goal. This included drafting survey questions, creating a PowerPoint presentation, and assisting Eon with a flyer focused on course evaluation transparency.

My council is currently gathering feedback on several policies

Next week, I'll continue progressing on the course evaluation goals and finish my transition documents.

- **SGOC Director of PR & Communications, Eon Hu:**

Since the last Executive Council meeting, I've completed the draft of the course evaluations flyer/poster package, which marks a major progression toward our SGOC course evaluation outreach goals. I've also been working on the upcoming bi-quarterly newsletter, which is scheduled for release by June 1st. In addition, I've been actively updating the SGOC website and

have created a more accessible template for Executive Council meetings. I've continued managing mass communications for SGOC and Senate hiring, kept the events calendar current, and am currently working to get a Canvas announcement posted for the "Hold for Academic Strategic Plan Forum." I'm also in the process of uploading the remaining Executive Council meeting documents to the website.

As for council updates, our Facilities and Safety Council has not yet met.

Looking ahead, I'll be finalizing and releasing the newsletter, promoting the upcoming Town Hall event, continuing SGOC hiring promotion through flyers, emails, and web updates, and ensuring all SGOC digital resources remain accurate, accessible, and student-friendly.

- **SGOC Director of Finance and Operations, Merrie Woodland:**

I am working on updating the financial code and created a presentation for all stakeholders to explain challenges and solutions presented in the update.

I also am working on gathering updated budgets for next year to be turned in to the business office and helping programs finish up the year with their budgets with any corrections, etc.

We will review the student tech fee budget and take any final requests at the next STF meeting. I am rescheduling the May meeting to be in June to save time and energy.

We are finishing up policy review in budget and finance council.
