Meet Our International Athletes

Laura, Germany

In Fall 2016 Laura from Germany started her journey at Olympic College. She has been an active member of track and field team, taking part in different events hosted by colleges and universities in Washington. In April, Laura ran her first 4 x 100 meter relay at Central Washington University. The events she have participated are 400, 800, 1500 meters, and cross country. Besides track and field, she loves playing handball and wants to be a professional player in the future. She is also a member of International Club and loves participating in different cultural activities which help her to make new friends and learn new languages.

Dieph, Haiti

Also in Fall 2016 Dieph came to Olympic College as an international transfer student from California. After completing one quarter he decided to join the college’s track and field team. Dieph surprised everyone by his excellent performance as he conquered the first position in 100 meters defeating his opponent with huge margin. He feels that sports is his life and wants to represent his country in the Olympics. Additionally, as a president of International Club this quarter, he enjoys taking part in different campus activities and organizes different events where students get opportunities to learn different cultures. -Deep-

Basketball Tournament

On Wednesday, April 26th, the Multicultural Student Center and OC Student Government held basketball tournament event at OC gym. Our international students Forest from Taiwan and Joey from China participated in the event. They were teamed with two American students. The games were competitive and exciting. Even some students from OC basketball team competed in the tournament. However, our international students defeated the opponents! Congratulations to them!
