

College Instruction Center Project Fact Sheet

The College Instruction Center is an incredible addition to our campus that will benefit the College, students and our community for decades to come.

This \$46.5 million building is the largest construction project in Washington state community and technical college history.

Project Specifications

- 75,000 square foot multipurpose facility
- \$46.5 million budget
- State-of-the-art Health Occupation facility
- Campus-wide IT infrastructure
- New Art, Music, Theater buildings
- 276-seat venue/classroom
- Project Start: September 2015
- Building Occupancy: August 2017

Project Benefits

- \$46.5 million budget results in good paying jobs for our community
- Health Occupation facility allows for increased enrollment in high-demand programs like the Bachelor's in Applied Sciences in Nursing
- Replaces aging Art, Music and Theater buildings that have outlived their useful lives
- Improved campus-wide IT infrastructure
- 276-seat venue will attract community to the Bremerton campus for annual events like the Olympic Jazz Festival
