Student's Signature Date

Parent's Signature Date

High School Official's Signature and Position Date

INSTRUCTIONS FOR COMPLETING RELEASE OF ASSIGNMENT OF STUDENT FORM:

- Effective Winter quarter 1978, AND ALL SUBSEQUENT QUARTERS, Olympic College will require all students who are not high school graduates or whose class has not graduated to have a Release of Assignment of Student form on file with the office of Registration and Records prior to registration and class enrollment.
- The completion of this form will be required for ALL students regardless of the course, UNLESS the course is designated for enrollment of high school age students or is a Community Service course.
- Olympic College maintains its right to deny class admission to a high school student if the college feels such admission is not in the best interest of the student, the college, or both.
- An official Olympic College Transcript may be ordered on the National Student Clearinghouse website (www.studentclearinghouse.org). This is how a student obtains a transcript of their academic record; it **MUST** be signed by the student. The student's college transcript will not be released without the student signature.
- SPECIFIC INSTRUCTIONS:
 - The Release of Assignment of Student form must be properly completed and signed so that a student may register for a course(s). The student, parent or guardian, and the authorized high school official must sign the form.
 - High school personnel will be responsible for supplying information required under Option 1. (This will assure all parties that the student is placed accurately.)
