¹ Reports must be posted no later than 10 days after the calendar quarter (October 10, January 10, April 10, July 10) apart from the first report, which is due October 30, 2020. Please update this date if there are any changes or updates after initial posting. Any changes or updates after initial posting must be conspicuously noted.

² Please note that the categories listed may include categories that are applicable to only one or two, and not all, of the grant programs for which information must be reported on this form. Further, each category is deliberately broad and does not capture specific grant program requirements. For example, pursuant to Section 18004(c) of the CARES Act, the Section 18004(a)(1) Institutional Portion funds may only be used “to cover any costs associated with significant changes to the delivery of instruction due to the coronavirus...” and any applicable categories in the chart must meet this requirement. Please refer to the applicable Certification and Agreement and the Department’s HEERF FAQs for more information available on our HEERF website here: <https://www2.ed.gov/about/offices/list/ope/caresact.html>.

³ To support any element of the cost of attendance (as defined under Section 472 of the Higher Education Act of 1965, as amended) per the [Interim Final Rule](#) published in the *Federal Register* June 17, 2020 (85 FR 36494). Community Colleges in California, all public institutions in Washington State, and all institutions in Massachusetts have different requirements due to recent U.S. District Court actions. Please discuss with legal counsel. HEERF litigation updates can be found here: <https://www2.ed.gov/about/offices/list/ope/heerfupdates.html>.

⁶ Please post additional documentation as appropriate and briefly explain in the "Explanatory Notes" section.

Explanatory Note for “Purchasing Additional equipment or software to enable distance learning”.

1. Finals Week – When COVID hit, it was during finals testing and in order to accommodate the social distancing we had to make several labs open labs to accommodate courses that required computers. The tests were proctored via Zoom or online where each computer had to have webcams. Headsets were necessary so that students can only hear for the most part the audio from the computer they are using.
2. Employee Check outs - Check out laptops, USB hubs, headsets and webcams for employees – most of our employees use desktop in their offices and needed something they can use remotely while the pandemic order is in place.
3. Student Check outs - Check out laptops and headsets for students – many of our students did not have the proper equipment to study and attend classes from home. These laptops and headsets enable them to attend classes outside of the campus either at home or in places where they have access to the Internet.
4. Document Cameras – faculty who typically use document cameras to show actual textbooks, hand drawing and other materials requested document cameras in order to efficiently teach their courses.
5. Tutoring Services – The dean of library working with the tutoring department under her offer tutoring services remotely so their tutors needed the Wacom tablets and headsets. For laptop needs, they checked out laptops as employees.
6. OC-IT Check-in/out devices – To use the screening forms we setup devices that employees, students or visitors can use when they arrive to their designated locations.
