To qualify for financial aid, students must be enrolled in an eligible OC program (i.e. two or four year degree, or a certificate program that is at least 24 credits). The quarterly student record kept at the Registration and Records Office indicates what degree or certificate you will study while enrolled.

During initial review of your financial aid application, we note that you DO NOT have an eligible OC program and/or intent code with Registration and Records.

- If you HAVE NOT REGISTERED, you will need to update your program and intent to an eligible OC program or certificate
- If you ARE REGISTERED for the next quarter, please do ONE of the following: Contact Registration and Records at 360-475-7200 and tell them that your program and intent code need to be updated, OR Fill out this form and submit it to a staff member in the Financial Aid Office, who will pass your information on to Registration and Records

OC degree/certificate you are pursuing: ______________________  ______________________  ______________________

CIRCLE ONLY ONE FROM THE LIST BELOW

A: Associate degree (non-technical, non-transfer)

B: Associate transfer degree (transfer to 4-year university)
