Choosing Classes

Associate Degrees Are 90+ College Level Credits

- College level classes are those numbered 100 or above.
- OC is on the quarter system, with four quarters per year: Fall, Winter, Spring, Summer.
- If your goal is to graduate in two years, you will need to take a minimum of 15 credits each quarter (not including summer).

Two - Year Plan

\[
\begin{align*}
15 \text{ credits FALL} \\
+ 15 \text{ credits WINTER} \\
+ 15 \text{ credits SPRING} \\
\hline
45 \text{ credits (Year 1)} \\
+ 45 \text{ credits (Year 2)} \\
\hline
90 \text{ credits = Associate’s degree in two years}
\end{align*}
\]

You do not have to be a full time student to take classes at OC or to receive financial aid through FAFSA. If you are receiving financial aid, let the Financial Aid Office know so that they can prorate your aid based on the number of credits you are taking.

</tr>
<tr>

<td>1-5 Credits</td>
</tr>
</tbody>
</table>

HOW MANY CLASSES SHOULD I TAKE?

- “Credit” = the number of hours you will meet in class each week (ex: 5 credit course meets 5 hours per week)
- Each credit hour in class requires an additional minimum of 2 hours of homework/study time.

- 1 credit = 1 hour in class + 2 hours homework = 3 hours/week commitment
- 5 credits = 5 hours in class + 10 hours homework = 15 hours/week commitment
- 10 credits = 10 hours in class + 20 hours homework = 30 hours/week commitment
- 15 credits = 15 hours in class + 30 hours homework = 45 hours/week commitment = full time job!

- How many credits can you realistically complete?

INSTRUCTION MODES

In-Person: Class meets on campus for regularly scheduled times.

Web-enhanced: a fully in-person class that requires use of an online program, such as Canvas or Aleks.

Hybrid: Class is a combination in-person and online class. For example:
   • a 5-credit course meets 3 hours on campus and 2 hours via zoom or each week
   • a 2-credit course (IE: COLL 110) meets only 4 times during the quarter and the rest of the work is online

Online - Synchronous: Class does NOT meet on campus. Class meets online via Zoom at regularly scheduled times.

Online - Asynchronous: Class does NOT meet on campus and does NOT meet via Zoom. Rather, you take the course on your own schedule. HOWEVER, like other courses, asynchronous courses generally have weekly assignments, deadlines, discussion boards, quizzes and exams (all online).
Courses & Technology to Help You be Successful

Taking these courses your first quarter will set you up for success!

**COLL 110: College Success (2 credits)**
Students develop an understanding of what it means to be a college student, how to identify, locate and utilize student support services, develop strategies to transition to college, understand the importance of diversity in the immediate learning environment, explore technology, tools and resources, and create an academic plan.

**GEN-S 97: General Studies 97 - Orientation to Canvas (0 credits) - FREE!**
This two-hour course teaches you how to use Canvas: find your syllabus and assignments; communicate with faculty or students; submit your assignments online; and identify the resources for online support.

**DIGL 101: Introduction to Online Learning with Canvas (2 credits)**
This course prepares students for success in the online learning environment. Students will identify essential skills and develop problem-solving strategies unique to online learning.
