The underground tour was a very exciting experience. The tour guide was very enthusiastic and energetic as she explained the history of underground Seattle. I was especially surprised to learn that the first people of Seattle were paid to live on the land. This experience was very interesting and I would love to do it again someday. I definitely recommend it to anyone that is wanting to learn about history of Seattle.—Alec

As of Fall Quarter 2016, Firebird International Insurance Group (FIIG) is our school-contracted insurance agency. The insurance charge for the 2016-17 school year is $366 per quarter (3 months). Health insurance will be automatically added to the student’s registration records upon arriving on campus. The payment is due by the end of first week in each quarter. Students are required to pay for summer coverage in advance in spring quarter even if they are not taking summer class(es), to avoid interruption of coverage. Continuing students can use their insurance in the United States and foreign countries during their vacation including students' home country. For more info, please go to our website - goo.gl/1qP120

Victorian Port Townsend field trip was held on Friday, August 12th. It took more than one hour to drive there from Olympic College. Everyone was having fun together. Since it is the end of summer, it was pretty cold to get in the water, but that wasn’t the barrier for them to have fun. Our students took a lot of photos, then they were trying to make a pyramid themselves (as you can see in the picture). -Thu Vo
