Here is some basic information about health coverage offered by Olympic College:

- **As your employer, we offer a health plan to:**
  - [ ] All employees.
  - [x] Some employees.

  **Eligible employees are described in Washington Administrative Code 182-12-114:**

  **(1)(a) An employee is eligible if he or she works an average of at least eighty hours per month and works for at least eight hours in each month for more than six consecutive months.**

  **(i)Upon employment: An employee is eligible from the date of employment if the employing agency anticipates the employee will work according to the criteria in (a) of this subsection.**
(2)(a) **Seasonal employees** are eligible if he or she works an average of at least eighty hours per month and works for at least eight hours in each month of the season. A season is any recurring, cyclical period of work at a specific time of year that lasts three to eleven months.

(b) Determining eligibility.

(i) Upon employment: A seasonal employee is eligible from the date of employment if the employing agency anticipates that he or she will work according to the criteria in (a) of this subsection.

(ii) Upon revision of anticipated work pattern. If an employing agency revises an employee's anticipated work hours such that the employee meets the eligibility criteria in (a) of this subsection, the employee becomes eligible when the revision is made.

(iii) Based on work pattern. An employee who is determined to be ineligible for benefits, but later works an average of at least eighty hours per month and works for at least eight hours in each month and works for more than six consecutive months, becomes eligible the first of the month following a six-month averaging period.

(c) Stacking of hours. As long as the work is within one state agency, employees may "stack" or combine hours worked in more than one position or job to establish eligibility and maintain the employer contribution toward insurance coverage. Employees must notify their employing agency if they believe they are eligible through stacking. Stacking includes work situations in which:

(i) The employee works two or more positions or jobs at the same time (concurrent stacking);

(ii) The employee moves from one position or job to another (consecutive stacking); or

(iii) The employee combines hours from a seasonal position or job to hours from a nonseasonal position or job. An employee who establishes eligibility by stacking hours from a seasonal position or job with hours from a nonseasonal position or job shall maintain the employer contribution toward insurance coverage under WAC 182-12-131(1).

(3)(a) **Faculty** "Half-time" means one-half of the full-time academic workload as determined by each institution, except that half-time for community and technical college faculty employees is governed by RCW 28B.50.489.

Note: A change to the definition of full time, for community and technical college faculty, based on a collective bargaining agreement may affect an employee's eligibility for PEBB benefits. If eligibility is lost, COBRA coverage is available as described in WAC 182-12-146.

(i) Upon employment: Faculty who the employing agency anticipates will work half-time or more for the entire instructional year, or equivalent nine-month period, are eligible from the date of employment.
(ii) For faculty hired on quarter/semester to quarter/semester basis: Faculty who the employing agency anticipates will not work for the entire instructional year, or equivalent nine-month period, are eligible at the beginning of the second consecutive quarter or semester of employment in which he or she is anticipated to work, or has actually worked, half-time or more. Spring and fall are considered consecutive quarters/semesters when first establishing eligibility for faculty that work less than half-time during the summer quarter/semester.

(iii) Upon revision of anticipated work pattern: Faculty who receive additional workload after the beginning of the anticipated work period (quarter, semester, or instructional year), such that their workload meets the eligibility criteria of (a)(i) or (ii) of this subsection become eligible when the revision is made.

(b) Stacking. Faculty may establish eligibility and maintain the employer contribution toward insurance coverage by working as faculty for more than one institution of higher education. Faculty workloads may only be stacked with other faculty workloads to establish eligibility under this section or maintain eligibility under WAC 182-12-131(3). When a faculty works for more than one institution of higher education, the faculty must notify his or her employing agencies that he or she works at more than one institution and may be eligible through stacking.

(4)(a) Elected and full-time appointed officials of the legislative and executive branches of state government are eligible for PEBB benefits on the date his or her term begins. All other elected and full-time appointed officials of the legislative and executive branches of state government are eligible on the date their terms begin or the date they take the oath of office, whichever occurs first.

(5)(a) Justices and judges are eligible for PEBB benefits on the date they take the oath of office.

☐ If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.
