

College Instruction Center Parking Impacts

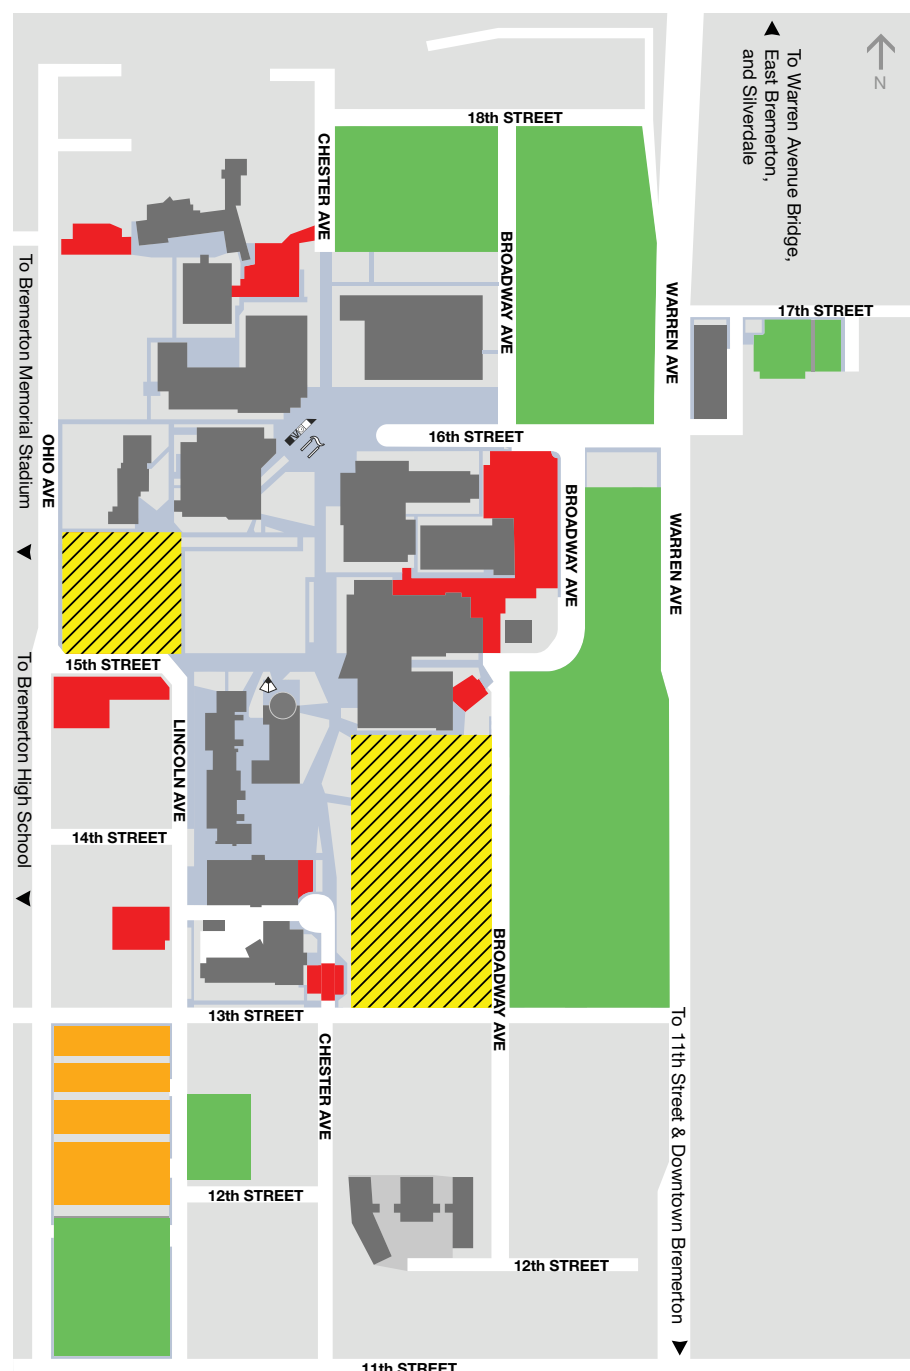

January 15 – June 22

The College Instruction Center opened Jan. 2. Final stages of the project involve demolishing and converting the old Art, Music and Theater buildings into parking lots. This final phase of the project will result in a **temporary reduction in parking** beginning **Jan. 15 through June 22**.

Beginning Jan 15, the G-3 parking lot (yellow and black striped below) will be closed. To limit the impact of this temporary parking reduction, the college worked with stakeholders to implement the following changes, effective **Jan. 15**:

- Faculty and staff that park in General Parking (G-Lots) will be strongly encouraged to park in Faculty Parking (F-Lots).
- Faculty Parking Lots will be converted to Faculty/Staff Open Parking to accommodate additional use by faculty and staff that use G-Lots.
- Campus Safety will actively patrol these lots and issue citations to anyone without a current employee parking placard
- The College will install clear and visible signage around campus and at the entrances to Staff and Faculty Parking Lots.
- The College will continue finding alternate transportation options for students, faculty and staff throughout the duration of the project.
