

Transfer Planning

This section provides information for students who plan to transfer to a college or university in Washington state to complete a baccalaureate degree. It highlights different transfer degree areas and includes contact information for faculty advisors at OC who can help map out education plans and transfer programs of study. Students should work closely with an advisor at the baccalaureate institution where they plan to transfer before finalizing their education plans.

Reverse Transfer

Reverse transfer provides a way for students who transfer to a bachelor's degree program to earn an associate degree, even if they have not completed all associate degree requirements at the time of transfer. Students may transfer completed courses from their transfer college or university back to Olympic College (OC), to be applied to an OC associate degree. Participating institutions include all of Washington state's public four-year colleges and universities (including Western Governors', University of Washington), and Old Dominion University, among others. Students should request the OC Reverse Transfer package to initiate the process.

Advising Notes and Recommendations

- Consult a faculty counselor if you have not decided on a future major.
- Check with your intended transfer college or university advisor for specific admissions and major requirements. With careful planning, you may be able to fulfill both admissions and major requirements with your degree.
- Not all courses are offered every quarter. A faculty advisor can help you plan course sequence and schedule.

NOTE: The Associate in Arts/Direct Transfer Agreement (AA/DTA) is a general transfer degree. It is not usually associated with a specific major. Students who plan to transfer to a four-year college or university are responsible for contacting the appropriate advisors at the institution to determine which additional classes they may need to take while attending OC. The educational plan to complete the AA/DTA and any additional classes should be made in consultation with the appropriate OC Faculty Advisor.

Baccalaureate Institutions in Washington that Subscribe to the ICRC Guidelines

Most students who plan to transfer will complete the Associate in Arts/Direct Transfer Agreement (AA/DTA) or Associate of Science (AS). These degrees are designed to meet state-wide guidelines endorsed by the InterCollege

Relations Commission (ICRC) to ease transfer. The following 22 public and private baccalaureate institutions subscribe to ICRC Guidelines:

- Bastyr University
- Central Washington University
- City University
- Cornish College of the Arts
- Eastern Washington University
- Gonzaga University
- Heritage College
- Northwest Indian College
- Northwest University
- Pacific Lutheran University
- Saint Martin's University
- Seattle University
- Seattle Pacific University
- The Evergreen State College
- University of Washington
- University of Washington Bothell
- University of Washington Tacoma
- Washington State University
- Washington State University Tri-Cities
- Washington State University Vancouver
- Western Washington University
- Whitworth College

Many of these colleges and universities guarantee acceptance to students with the Olympic College transfer associate degree. UW-Seattle does not. Specific programs at other schools may have more stringent requirements. Check with the admissions office at the baccalaureate institution for clarification and up-to-date information.

Common Course Numbering

All Washington state community and technical colleges are using a Common Course Numbering (CCN) system. The system identifies courses that are equivalent at community colleges throughout the state to make it easier for students to transfer between two-year colleges. Courses with an ampersand (&) after the prefix code are part of the Common Course Numbering system. Many courses without an "&" also transfer between two-year and four-year colleges.

Agreements by Other Colleges and Universities to Accept Credits from Olympic College

In addition to the colleges subscribing to ICRC guidelines, OC has entered into formal agreements with the following institutions for transfer:

Central Washington University

The Bachelor of Applied Science, Information Technology and Administrative Management (BAS-ITAM) degree is open to students with any applied or technical degree and at least 40 credits in an applied area. Concentrations include Administrative Management, Information Technology, and Cyber Security.

The Apparel, Textiles, and Merchandising Bachelor of Science Degree program accepts six Fashion Marketing courses in transfer toward this degree. See Fashion Marketing program information for qualifying courses.

The Evergreen State College Upside Down Transfer Option

The Upside Down Transfer Option is designed to provide students earning a technical associate degree (AAS, AAS-T, ATA) the opportunity to complete an Evergreen bachelor's degree with just six additional quarters of full-time work at Evergreen. Students that qualify for the Upside Down Transfer Option will receive a total of 90 quarter hours of lower division transfer credits after successfully completing the process. All 90 transfer credits will count toward an Evergreen BA degree.

This transfer option is designed for students who have completed a technical associate degree that generates less than 90 transferable quarter credits in a course-by-course transfer credit evaluation. Students with technical associate degrees take more focused coursework at the community or technical college. To ensure these students complete broad, liberal arts coursework, they are required to take 32 quarter-hour credits at Evergreen in an interdisciplinary program outside the area of their technical degree. After the successful completion of 32 credits at Evergreen, the student will receive a block of 90 transferable quarter-hour lower division credits.

Contact the Advising Center, and see www.Evergreen.edu for more information.

University of Washington – Tacoma

Politics, Philosophy, and Economics Program

Olympic College is also part of a statewide agreement with **Western Governors' University – Washington**.

University Partnerships

The following universities offer classes and services on Olympic College campuses.

- Brandman University
- Old Dominion University
- Western Washington University
- Washington State University

Olympic College Bachelor of Applied Science Degrees

Olympic College offers bachelor's degrees in the following subjects:

- Digital Filmmaking
- Information Systems
- Nursing–RN to BSN
- Organizational Leadership/
Technical Management

Reciprocity among Washington Community and Technical Colleges

Washington community and technical colleges (CTCs) offer reciprocity to students transferring within the CTC system who are pursuing an AA or AS degree. Students who have fulfilled entire areas of their degree requirements at one college will be considered to have met those same requirements if they plan to complete the same degree when they transfer to another community or technical college in Washington. These degree requirements include Communication Skills, Quantitative Skills, or one or more Distribution Area requirements. Students must initiate the review process and must be prepared to provide necessary documentation. For complete information, students should contact an evaluator in Enrollment Services.

Washington 45

A student who completes courses selected from within the general education categories listed below at a public community, technical, four-year college or university in Washington State will be able to transfer and apply a maximum of 45 quarter credits toward general education requirement(s) at any other public and most private higher education institutions in the state.

For transfer purposes, a student must have a minimum grade of C or better (2.0 or above) in each course completed from this list.

Students who transfer Washington 45 courses must still meet a receiving institution's admission requirements and eventually satisfy all their general education requirements and their degree requirements in major, minor and professional programs.

"First Year Transfer List" of general education courses

- **Communications** (5 credits) – ENGL& 101, ENGL& 102
- **Quantitative and Symbolic Reasoning** (5 credits) – MATH&107, MATH&148 or MATH&151
- **Humanities** (10 credits in two different subject areas or disciplines²) – PHIL& 101, MUSC& 105, DRMA& 101, ENGL& 111, or HUM& 101 (For colleges that use History as a Humanities: HIST& 116, HIST& 117, HIST& 118, HIST& 146, HIST& 147, HIST& 148)
- **Social Science** (10 credits in two different subject areas or disciplines) – PSYC& 100, SOC& 101, POLS& 101, POLS& 202 (For colleges that use History as a Social Science: HIST& 116, HIST& 117, HIST& 118, HIST& 146, HIST& 147, HIST& 148)
- **Natural Sciences** (10 credits in two different subject areas or disciplines) – BIOL& 100, BIOL& 160 with lab, ASTR& 100, ASTR& 101 with lab, CHEM& 105, CHEM& 110 with lab,

CHEM& 121 with lab, CHEM& 161, CHEM& 162, ENV& 100, ENV& 101, PHYS& 114, GEOL& 101 with lab.

- Additional 5 credits can be taken in a different discipline from any category listed above.

NOTE: Although these courses are listed under categories, the actual course may satisfy a different general education category at a receiving institution.

¹Many private non-profit colleges and universities have distinct general education requirements. Students should check with institution(s) they plan to attend regarding application of transfer credits that will meet general education requirements.

²Disciplines are sometimes called subject or subject matter areas and designated by a prefix (i.e. PHIL for Philosophy and POLS for Political Science).

Possible Transfer Areas:

- American Culture and Equity Studies
- Anthropology
- Art
- Astronomy
- Atmospheric Science/Meteorology
- Biology
- Biotechnology
- Business
- Chemistry
- Communication Studies
- Computer Information Systems
- Computer Science
- Digital Filmmaking
- Dramatic Arts
- Early Childhood Education
- Education
- Electronics
- Engineering
- English
- Environmental Studies
- Geography
- Geology
- History
- Human Services
- Leadership—see Organizational Leadership
- Marine Science & Oceanography
- Mathematics
- Music
- Nursing
- Organizational Leadership/Resource Management
- Physical Education
- Physics
- Political Science
- Pre-Professional Health Occupations
- Psychology
- Social Work
- Sociology
- Supportive Health Occupations
- Technical Design
- World Languages
- Other (See last page of this section.)

American Culture and Equity Studies

Associate in Arts (AA)

Students who intend to major in American Culture and Equity Studies at a four-year institution should complete the requirements for an Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Estrella, James	360.475.7627 jestrella@olympic.edu	4-346

Courses to consider when completing distribution requirements for an AA:

ACES 101	Intro to Am Culture & Equity Studies
ACES 102	The LGBTQ Experience
ACES 160	Latina/os in the United States
ACES 170	Black Voices in America

Anthropology

Associate in Arts (AA)

Anthropology is the study of humankind. It is a holistic discipline that is divided into four subfields: Archaeology, Cultural, Linguistics, and Biological. Four-year programs typically require Anthropology majors to take course work in each of the subfields.

Students who intend to major in Anthropology at a four-year institution should complete the requirements for an Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Good writing skills are essential and should be developed. Most undergraduate programs require at least one statistics course.

Competence in one world language is also required for some undergraduate and most graduate programs.

Faculty	Contact	Office
Hartse, Caroline	360.475.7111 chartse@olympic.edu	4-334

Courses to consider when completing distribution requirements for an AA:

ANTH& 100	Survey of Anthropology
ANTH& 204	Archaeology
ANTH& 205	Biological Anthropology
ANTH& 206	Cultural Anthropology
ANTH& 207	Linguistic Anthropology

In addition to taking the above recommended courses, students can design courses to supplement the subfields of anthropology they are interested in. Contact the anthropology advisor for further information.

Transfer Planning

Art

Associate in Arts (AA)

Fundamental to the development of fine art is the spirit and process of exploration. The Art curriculum encourages the process of discovery as it applies to perceptual and conceptual issues basic to the creative process. The purpose of the integrated transfer curriculum is to provide a catalyst for students to widen their artistic awareness and versatility.

Students who complete the Associate in Arts Degree requirements and include many of the courses listed below will have a firm foundation in the fundamentals of both two-dimensional and three-dimensional art, which will support the creation of a portfolio. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Weichman, Marie	360.475.7287 mweichman@olympic.edu	7-106A
Laughlin, Michael	360.475.7115 mlaughlin@olympic.edu	7-206D

Courses to consider when completing distribution requirements for an AA:

ART 102	Art History/Ancient—Byzantine
ART 103	Art History/Medieval—Renaissance
ART 104	Art/Baroque—Modern
ART 106	Drawing I
ART 107	Drawing II*
ART 110	Design I
ART 111	Design II*
ART 120	Public Art Mural Painting
ART 125	Ceramics I
ART 230	Watercolor I
ART 240	Painting I
ART 266	Sculpture I

Astronomy

Associate in Arts (AA) or Associate of Science (AS-Track 2)

Astronomers are sometimes called astrophysicists. They use the laws of physics and mathematics to learn about the nature of matter and energy throughout the universe, which includes the sun, moon, planets, stars, and galaxies. In addition, astronomers apply their knowledge to solve problems in navigation, space flight, and satellite communications. They also develop the instruments and techniques needed to observe and collect astronomical data. Many astronomers work in colleges and universities where they do research and teach astronomy. Some work in observatories, planetariums, and museums where they help to explain what is known about the universe to the public. Others are employed

by government agencies, such as the U.S. Naval Observatory or the National Aeronautics and Space Administration (NASA). A few work for companies in the aerospace industry.

Students wanting to transfer should complete the Associate in Arts Degree or the Associate of Science (Track 2) requirements. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Science and Math Advisor

Schedule an appointment with the Advising Center at 360.475.7530.

Atmospheric Science/ Meteorology

Associate in Arts (AA) or Associate of Science (AS-Track 2)

Meteorology is the science of the atmosphere. It offers the opportunity of investigating the forces that shape weather and climate and how human activities can affect climate through the introduction of pollutants into the atmosphere. An interest in the physical sciences and mathematics are the essential elements for a career in meteorology. Courses in earth sciences can also provide a valuable insight into the atmospheric environment. It is very important to become familiar with the use of computers and their application to problem-solving, writing and communication. In the simplest of terms, high school students should take every mathematics, physics and computer course that is available. They should also develop basic skills in written and spoken English to communicate scientific knowledge.

Students wanting to transfer should complete the Associate in Arts Degree or the Associate of Science (Track 2) requirements. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Science and Math Advisor

Schedule an appointment with the Advising Center at 360.475.7530.

Biology

Associate in Arts (AA) or Associate of Science (AS-Track 1)

Life scientists study living organisms, their structure, evolutionary development, behavior and life processes. Biologists are also interested in the relationship between animals, plants, microorganisms and their environments. The number and variety of plants and animals is vast, and life processes varied and complex; therefore, specialization is required early in upper division work.

Faculty	Contact	Office
Dodge, Matthew	360.394.2747 mdodge2@olympic.edu	P1-217C
Elauria, Angela	360.475.7734 aelauria@olympic.edu	8-206
Lawrence, Amy	360.475.7732 alawrence@olympic.edu	8-216

As part of your degree, include these courses in your education plan:

BIOL& 211	Majors Cellular
BIOL& 212	Majors Animal*
BIOL& 213	Majors Plant*

At some institutions, to satisfy the prerequisite for upper division biology credits, a year of general chemistry must also be completed.

Biotechnology

Associate in Arts (AA) or Associate of Science (AS-Track 1)

Biotechnology is a fascinating field which is at the cutting edge of science using living cells and materials produced by cells to create pharmaceutical, diagnostic, agricultural, environmental, and other products to benefit society. People working in this field make groundbreaking discoveries that fight disease, improve food production, clean up the environment and make manufacturing more efficient and profitable. Because of the various levels of occupations associated with biotechnology, students have several options. Associate degrees are available at a number of community colleges in Washington State that focus on the technical side of biotechnology. Bachelor's and graduate degrees are also available that prepare students for careers in biotechnology associated with research and development and quality control.

Because of the different educational pathways open to students, students should complete the Associate in Arts or the Associate of Science (Track 1) requirements if they plan to transfer to a four-year institution or check with a faculty advisor concerning the professional/technical options available at other Washington State Community Colleges. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Elauria, Angela	360.475.7734 aelauria@olympic.edu	8-206

Business

Associate in Business

Direct Transfer Agreement/ Major Related Program (AB-DTA/MRP)

The mission of the Associate in Business (DTA/MRP) program is to prepare students to transfer to four-year institutions for their final two years of undergraduate study in a business-related field. OC has an agreement with WWU for priority consideration for admission to their Bachelor of Arts in Business Administration, offered at OC's Poulsbo Campus.

Early in the program, students should check with their intended transfer university/college advisor for specific admissions and business program requirements for course choices where options are listed for Humanities, Natural Science, Social Science, and electives.

Faculty	Contact	Office
McNamara, Kim	360.475.7374 kmcnamara@olympic.edu	12-223
Snapp, Richard	360.475.7386 rsnapp@olympic.edu	
Ward, Alan	360.475.7378 award@olympic.edu	12-104

See the Degrees and Certificates section of this catalog for course listings and other details.

Chemistry

Associate in Arts (AA) or Associate of Science (AS-Track 1)

Chemistry is the science that studies matter, its properties and composition, and the laws that govern the formation of matter from the basic elements. The breadth of the subject area is enormous and chemists can be found working on such diverse problems as the development of new plastics and fibers, drug preparation, pollution control, the isolation and identification of plant and insect hormones, medical research, nuclear chemistry, and the analysis of geological materials.

Students should complete the Associate in Arts or the Associate of Science (Track 1) Degree requirements if they plan to transfer to a four-year institution. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Baldwin, Ted	360.475.7733 tbaldwin@olympic.edu	8-205
Flowers, Billy	360.475.7707 bflowers@olympic.edu	8-209
Geyer, Cameon	360.475.7728 cgeyer@olympic.edu	8-213

As part of your degree, include these courses in your education plan:

CHEM&	141/151	General Chemistry & Lab I*
CHEM&	142/152	General Chemistry & Lab II*
CHEM&	143/153	General Chemistry & Lab III*
CHEM&	241/251	Organic Chem & Lab I*
CHEM&	242/252	Organic Chem & Lab II*
CHEM&	243/253	Organic Chem & Lab III*
MATH&	151	Calculus I*
MATH&	152	Calculus II*
MATH&	163	Calculus 3*
PHYS	254	Engineering Physics*
PHYS	255	Engineering Physics*
PHYS	256	Engineering Physics*

Communication Studies

Associate in Arts (AA)

The Communication Studies program at Olympic College is the study of various forms of human communication in culturally diverse contexts. The program focuses on the basic skills and critical thought needed to transfer to four-year programs. Studies in communication and culture help us focus on how people negotiate their identities and voices in relationships and society. Courses also expose students to cutting edge theory and technology in preparation for careers in the fast-growing communications fields. The program provides a firm foundation for students seeking a transfer degree to apply toward studies in communication or other social science and humanities fields. The department provides a foundation for understanding how rhetoric, persuasion, and messages shape the world around us. Ultimately, studies in communication help students succeed in an increasingly multicultural, mediated and ever-changing world.

There are six tracks available for study in the Communication Studies program at Olympic College. These tracks are designed to aid in the direct transfer of A.A. credit from Olympic College to three types of Communications programs in the Washington State four-year University system. Selected Communication Studies students also have the opportunity during their time at Olympic College to earn course and valuable professional experience through internships, both locally and nationally. These tracks are:

- Journalism
- Public Relations
- Rhetoric and Culture
- Popular Culture and Media Studies
- Relational and Organizational Communication
- Public Advocacy

Students wanting to transfer should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office

Newsom, Victoria	360.475.7509 vnewsom@olympic.edu	4-330
Prince, Michael	360.475.7243 mprince@olympic.edu	7-210

Courses to consider when completing distribution requirements for an AA:

CMST&	101	Introduction to Comm
CMST&	102	Intro to Mass Media
CMST&	210	Interpersonal Communication*
CMST&	220	Public Speaking
CMST&	230	Small Group Communication*

Computer Information Systems

Information Technology (IT)

Associate in Applied Science–Transfer (AAS-T)

Information Systems Technologists work with businesses, governments, and other organizations that use computer hardware and software every day. They provide day-to-day support for users. They make sure all parts of a computer system work to meet the organization's goals. They use their strong communications skills to help and work with a variety of people within an organization.

With one of OC's five IT AAS-T degrees, students can transfer directly into the Olympic College Bachelor of Applied Science in Information Systems program. The IT-Security Degree transfers to Western Washington University's Bachelor of Science in Computer and Information Systems Security offered at OC's Poulsbo campus. The Evergreen State College also offers its "Upside Down" transfer option to students completing any of the five degrees. Students planning to transfer should work closely with an advisor at the baccalaureate institution before finalizing their education plan. The IT Security Degree is designed to transfer to WWU's CISS degree offered at OC's Poulsbo Campus.

See the Degrees and Certificates section of this catalog for course listings and other details.

Computer Science

Associate in Arts (AA) or Associate of Science (AS-Track 2)

Students who obtain a four-year degree in computer science will obtain a foundation that permits them to adapt to new technologies and new ideas in software design, in the solution of computing problems, and in the use of computers to address emerging challenges.

Olympic College offers courses to prepare students to complete a Bachelor's Degree in Computer Science at a four-year institution. Careful planning is essential. The courses required to major in computer science vary, depending on the institution and the program chosen. At some institutions, admission into the Computer Science major is highly selective. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

In preparation for transfer, most students will complete the AA degree. In rare cases or when considering the related fields of Computer or Electrical Engineering, students may choose to complete the AS-Track 2 degree.

Science and Math Advisor

Schedule an appointment with the Advising Center at 360.475.7530.

As part of your degree, include these courses in your education plan:

CS&	141	Computer Science I Java*
CS	143	Computer Science II Java*
CS	210	Introduction to Discrete Mathematics*
MATH&	151	Calculus I*
MATH&	152	Calculus II*
MATH&	163	Calculus 3*
MATH	250	Linear Algebra*

Early Childhood Education

Associate in Arts (AA)

The Associate in Arts Degree with an emphasis in Early Childhood Education provides a broad background in general education as well as study in early childhood education. It is designed for students transferring to four-year colleges and universities. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

The Olympic College Early Childhood Education Program is based on the Washington State Core Competencies for Early Childhood and School Age Care Professions. A copy of the Core Competencies can be found at www.del.wa.gov/publications/partnerships/docs/CoreCompetencies.pdf.

Faculty	Contact	Office
Julian, Gayle	360.475.7289 gjulian@olympic.edu	2-103

Courses to consider when completing distribution requirements for an AA:

ANTH&	206	Cultural Anthropology
ASL&	121	Am Sign Language I
BIOL&	160	General Biology w/Lab
CMST&	210	Interpersonal Communication*
CMST&	220	Public Speaking
ECED&	105	Intro Early Child Ed
EDUC&	115	Child Development
EDUC&	202	Intro to Education
EDUC&	204	Exceptional Child
PSYC&	100	General Psychology
PSYC&	200	Lifespan Psychology
SOC	135	The Family

Recommended Early Childhood Education Electives (maximum 15 credits):

ECED&	120	Practicum-Nurturing Rel
ECED&	160	Curriculum Development
ECED	164	Mathematics for Early Childhood Ed*
ECED	173	Art and Creative Activities
ECED	174	Multicultural Education
ECED	176	Music and Movement for Young Children
ECED	177	Science for Young Children
ECED&	180	Lang/Literacy Develop
ECED	188	Child Abuse and Neglect
ECED&	190	Observation/Assessment
EDUC&	130	Guiding Behavior

Early Childhood Education

Associate in Applied Science-Transfer (AAS-T)

See the Degrees and Certificates section of this catalog for course listings and other details.

Education

Associate in Arts (AA)

The courses listed below generally meet the pre-teaching requirements of the four-year colleges and universities in the State of Washington; however, it is imperative that the student become familiar with the specific requirements of the institution to which transfer is planned. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Julian, Gayle	360.475.7289 gjulian@olympic.edu	2-103
Sanford, Mary	360.475.7317 msanford@olympic.edu	4-339

Courses to consider when completing an AA:

EDUC	199	Practicum (minimum of 2 credits)
EDUC&	202	Intro to Education

Courses to consider (restricted Electives)

EDUC	120	Instructional Strategies
EDUC	123	Classroom Management

Electronics

Associate in Technical Arts (ATA)

The ATA-Electronics is directly transferable to the Bachelor of Science in Electrical Engineering Technology (BSEET) programs in Washington State, including Central Washington University, Eastern Washington University and Old Dominion. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Seybold, Craig	360.475.6814 cseybold@olympic.edu	12-113B

Engineering

Associate of Science (AS-Track 2) for transferring outside the State of Washington

The Engineering Transfer Program graduates students who are prepared to excel in any four-year Engineering Program in the country. The Associate of Science (Track 2) degree is intended for students with an interest in transferring to an engineering school outside the State of Washington; for transfer to an engineering school in the State of Washington students should use the appropriate Associate of Science (Track 2) Major Related Program Pre-Engineering Degree.

Students pursuing an AS (Track 2) should work closely with an Olympic College engineering faculty advisor (see list below) to determine the specific courses that are required to transfer to the Engineering curriculum of their choice.

Engineering Advisor

Schedule an appointment with the Advising Center at 360.475.7530. ENGRAdvisor@olympic.edu

Faculty	Contact	Office
Hess, Linnea	360.475.7727 lhess@olympic.edu	8-214

See the Degrees and Certificates section of this catalog for course listings and other details.

Engineering – Major Related Programs

Associate of Science (AS-Track 2) for transferring within the State of Washington

The Engineering Transfer Program graduates students who are prepared to excel in any four-year Engineering Program in the country. The AST-2/MRP1, 2, and 3 degrees are intended for students with an interest in transferring to an engineering school in the State of Washington in one of the subject disciplines. For transfer to an engineering school outside the State of Washington students should use the Associate of Science (Track 2) Degree above.

Mechanical, Civil, Aeronautical, Industrial, Materials Science (AST-2/MRP 1)

Students pursuing an AST-2/MRP 1 should work closely with an Olympic College engineering faculty advisor (see list below) to determine the specific courses that are required to transfer to the university of their choice within their chosen discipline.

Biological and Chemical (AST-2/MRP 2)

Students pursuing an AST-2/MRP 2 should work closely with an Olympic College engineering faculty advisor (see list below) to determine the specific courses that are required to transfer to the university of their choice within their chosen discipline.

Computer and Electrical (AST-2/MRP 3)

Students pursuing an AST-2/MRP 3 should work closely with an Olympic College engineering faculty advisor (see list below) to determine the specific courses that are required to transfer to the university of their choice within their chosen discipline.

Engineering Advisor

Schedule an appointment with the Advising Center at 360.475.7530. ENGRAdvisor@olympic.edu

Faculty	Contact	Office
Hess, Linnea	360.475.7727 lhess@olympic.edu	8-214
Tuncol, Goker	360.475.7722 gtuncol@olympic.edu	8-121

See the Degrees and Certificates section of this catalog for course listings and other details.

English

Associate in Arts (AA)

The English discipline seeks to help students acquire an understanding of, and proficiency in the English language and the elements of style by offering courses in basic composition and creative writing. In addition, the curriculum offers students who plan to transfer with an English major a general survey of American and English literature, as well as in-depth analyses of specific periods, authors, and genres.

This curriculum is designed to enable students to examine the richness and variety with which the human imagination expresses itself in the written arts.

Students wanting to transfer should complete the Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Wayland Ted	360.475.6827 twayland@olympic.edu	4-331
OC Poulsbo:	Hudson, Tia thudson@olympic.edu	P1-209 360.394.2740
OC Shelton:	Hoover, Carmen choover@olympic.edu	S2-127 360.432.5409

Courses to consider when completing distribution requirements for an AA:

ENGL& 111	Intro to Literature
ENGL 150	Contemporary Literature
ENGL& 220	Intro to Shakespeare
ENGL& 244	American Literature I
ENGL& 245	American Literature II
ENGL 254	Science Fiction Literature
ENGL 265	British Literature: 19th Century
ENGL 266	British Literature: 20th and 21st Century
ENGL 264	Native American Literature
ENGL 283	Asian Literature
ENGL 286	Women Authors

Environmental Studies

Associate in Arts (AA)

Environmental Studies is an interdisciplinary field which studies the earth's natural systems in the context of human social and economic constructs. It is a broad discipline that includes basic principles of ecology and environmental science, as well as associated subjects such as ethics, policy and planning, law, economics, philosophy, environmental justice, pollution control and natural resource management.

Students can choose to focus in one of two areas of environmental studies:

1. Environmental Science, which focuses on the use of the scientific method to investigate chemical, biological, and quantitative aspects of natural systems; or
2. Environmental Policy, which focuses on environmental policy development and the economic aspects of natural resource issues.

The two programs are specifically designed for students preparing to transfer to Western Washington University's (WU's) Huxley College on the Peninsulas, where they may earn a BS in Environmental Science or a BA in Environmental Policy. The coursework may also be applied to other programs.

transfer programs as well. Students should work to complete an AA/DTA and include the recommended courses listed below. Students should work closely with an academic advisor to determine the most appropriate course of study for their individual career interests.

Lawrence, Amy	360.475.7732 alawrence@olympic.edu	8-216

Recommended Courses for Environmental Science (AA/DTA):

Written Communication Skills

ENGL& 101	English Composition I*
ENGL& 102	Composition II* or
ENGL& 235	Technical Writing*

Symbolic/Quantitative Skills

MATH& 151	Calculus I
-----------	------------

Natural Sciences

BIOL 140	Environmental Issues
BIOL& 211	Majors Cellular
BIOL& 212	Majors Animal*
BIOL& 213	Majors Plant*
CHEM& 141/151	General Chemistry & Lab I*
CHEM& 142/152	General Chemistry & Lab II*
CHEM& 143/153	General Chemistry & Lab III*

One of the following three:

GEOG 150	Physical Geography with Lab or
GEOL& 101	Intro to Physical Geology* or
GEOL& 110	Environmental Geology

Social Sciences

POLS	Any Political Science course
ECON& 201	Micro Economics*

Recommended Courses for Environmental Policy (AA/DTA):

Written Communication Skills

ENGL& 101	English Composition I*
ENGL& 102	Composition II* or
ENGL& 235	Technical Writing*

Symbolic/Quantitative Skills

MATH& 141	Precalculus I: Algebra*
MATH& 146	Intro to Statistics*

Natural Sciences

BIOL 140	Environmental Issues
BIOL& 160	General Biology w/Lab or
BIOL& 211	Majors Cellular
CHEM& 121	Intro to Chemistry w/Lab* or
CHEM& 141/151	General Chemistry & Lab I*
GEOG 150	Physical Geography with Lab

Social Sciences

POLS& 202	American Government
ECON& 201	Micro Economics*

Fashion

Associate in Arts (AA)

Central Washington University (CWU) has agreed to accept most OC Fashion Marketing courses in transfer toward their Apparel, Textiles, and Merchandising Bachelor of Science Degree program. Students planning to transfer into this program should complete the Associate in Arts degree, and as many Fashion Marketing courses as possible. While only 15 credits of Fashion Marketing will apply to the AA degree, six of the courses will apply to CWU's bachelor's degree. Work with the program director at CWU to develop your educational plan.

<i>OC Advisor</i>	<i>Contact</i>	<i>Office</i>
Steve Quinn	(360) 475-7345 squinn@olympic.edu	4-203

Hall, Bruce	360.475.7580 bhall@olympic.edu	6-023

Geology

Associate in Arts (AA) or Associate of Science (AS-Track 1)

Geologists study the structure, composition, and history of the Earth. Their concerns include locating water, fuels, and minerals resources; determining appropriate land usage; and diagnosing natural hazards such as floods, volcanoes, and earthquakes.

Students preparing for a professional career in Geology should plan to transfer to a four-year college, and then to attend graduate school for a Master's Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

<i>Faculty</i>	<i>Contact</i>	<i>Office</i>

As part of your degree, include these courses in your education plan:

CHEM& 141/151	General Chemistry & Lab I*
CHEM& 142/152	General Chemistry & Lab II*
CHEM& 143/153	General Chemistry & Lab III*
GEOL& 101	Intro Physical Geology
GEOL& 103	Historical Geology
GEOL& 110	Environmental Geology
MATH& 151	Calculus I*
MATH& 152	Calculus II*
MATH& 163	Calculus 3*
PHYS 254	Engineering Physics*
PHYS 255	Engineering Physics*
PHYS 256	Engineering Physics*

Filmmaking

Associate in Arts (AA)

Olympic College's Digital Filmmaking program offers the serious student a unique blend of film theory and practical hands-on training. Our students learn the craft and techniques of narrative storytelling while acquiring the technical skills and artistic sensibilities necessary to compete in the new emerging frontier of digital filmmaking. Our curriculum integrates concentrated classroom study of all the major filmmaking disciplines with intensive hands-on experience in student film projects, because our philosophy stipulates that the fruits of theory realize full maturity in the practical application of the art.

While the principle focus of our program is the narrative fiction film, the artistic and technical skills acquired by our students are transferable to television, commercials, documentaries, music videos, and the blossoming new arena of episodic web content. Our curriculum imparts the critical thinking and leadership skills necessary to excel in the new emerging frontier of digital filmmaking. This program is dedicated to serving the authentic needs of the modern dramatic artists of the 21st century.

Our educational philosophy clearly declares that the contemporary dramatic artist is a digital artist. This is of vital importance because knowledge and training in digital movie making means higher employment for our students upon graduation.

Students wanting to transfer to another college to complete a bachelor's degree may want to complete the Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution where they plan to transfer. Olympic College has an agreement

Digital Filmmaking

Associate in Applied Science-Transfer (AAS-T)

See the Degrees and Certificates section of this catalog for course listings and other details.

Geography

Associate in Arts (AA)

Geography is the study of place and space. Geographers ask where things are located on the surface of the earth, why they are located where they are, how places differ from one another, and how people interact with the environment. There are two main branches of geography: human geography and physical geography. Human geography is concerned with the spatial aspects of human existence, including population, culture and economic activities. Physical geographers study patterns of climates, land forms, vegetation, soils, and water. Geographers also study the linkages between humans and natural systems.

Students preparing for a career in Geography should plan to transfer to a four-year college. Students planning to major in physical geography should prepare themselves in a broad range of Natural Sciences. Students preparing to major in human geography should prepare themselves in a broad range of Social Science and Humanities. All students should consider courses in Geographic Information Systems.

History

Associate in Arts (AA)

History is the study of human development and change, current affairs with the perspective of past events, and the rich cultural, political, and institutional legacy of the past that provides the framework for a better understanding of our world.

Students who intend to major in history at a four-year institution should follow the distribution for an Associate in Arts Degree, preparing themselves to transfer by completing a broad range of Social Sciences and Humanities courses. Good writing skills are essential and should be developed. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Lamb, Deborah	360.475.7415 dlamb@olympic.edu	4-333
Krattiger, Angela	360.475.7179 akrattiger@olympic.edu	4-331

Courses to consider when completing distribution requirements for an AA:

HIST& 116	Western Civilization I
HIST& 117	Western Civilization II
HIST& 118	Western Civilization III
HIST& 136	US History 1*
HIST& 137	US History 2*
HIST& 214	Pacific Northwest History
HIST& 215	Women in U.S. History
HIST& 219	Native American History

Human Services

Associate in Arts (AA)

The field of Human Services is broadly defined, uniquely approaching the objective of meeting human needs through an interdisciplinary knowledge base, focusing on prevention as well as remediation of problems, and maintaining a commitment to improving the overall quality of life of service populations. The Human Services profession is one which promotes improved service delivery systems by addressing not only the quality of direct services, but also by seeking to improve accessibility, accountability, and coordination among professionals and agencies in service delivery.

The Associate in Arts Degree with emphasis in Human Services is designed for students transferring to four-year colleges and universities. The curricula focus is on developing a strong foundation of theory and skills.

Faculty	Contact	Office
Cohen, Mirelle	360.475.7553 mcohen@olympic.edu	4-344

Recommended Courses

CMST& 220	Public Speaking
CMST 253	Intercultural Communication*
HSSA& 101	Intro to Addictive Drugs*
HS 107	Intro to Human Services*
PSYC& 100	General Psychology
PSYC& 200	Lifespan Psychology
PSYC& 220	Abnormal Psychology
SOC& 101	Intro to Sociology

Required Prerequisite Courses, Old Dominion University:

MATH& 146	Intro to Statistics*
PSYC& 100	General Psychology
SOC& 101	Intro to Sociology

Required Prerequisite Courses, Western Washington University:

Note: Western Washington requires 105 credits, with the extra 15 credits completely transferable, to apply to the program. Students are advised to take the following courses:

Social Sciences

HS 107	Intro to Human Services
PSYC& 100	General Psychology
SOC& 101	Intro to Sociology

Electives chosen from:

ANTH& 206	Cultural Anthropology
HSSA& 101	Intro to Addictive Drugs*
PSYC& 200	Lifespan Psychology
PSYC& 220	Abnormal Psychology
SOC 125	Sociology of Aging
SOC 135	The Family
SOC 190	US Race & Ethnicity
SOC 230	Sexuality and Gender

Choose 30 credits from the list above.

For information on the University of Washington's Bachelor's of Social Work program, see Social Work on page 38.

Leadership

See Organizational Leadership

Marine Science/ Oceanography

Associate in Arts (AA) or Associate of Science (AS-Track 1)

Oceanography is an interdisciplinary field, and therefore requires training in many of the basic sciences.

Students wanting to transfer should complete the Associate in Arts or the Associate of Science (Track 1) Degree requirements if they plan to transfer to a four-year institution. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Science and Math Advisor

Schedule an appointment with the Advising Center at 360.475.7530.

Mathematics

Associate in Arts (AA)

In response to diverse student needs, the Mathematics Department provides a broad curriculum, varied instructional approaches, and supportive resources to help students learn mathematics. We foster success in learning and the value of achievement in mathematics, as well as the relevance, usefulness, appreciation and enjoyment of mathematics.

Students wanting to transfer should complete the Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Science and Math Advisor

Schedule an appointment with the Advising Center at 360.475.7530.

As part of your degree, include these courses in your education plan:

CS& 141	Computer Science I Java*
MATH& 146	Intro to Statistics*
MATH& 151	Calculus I*
MATH& 152	Calculus II*
MATH& 163	Calculus 3*
MATH 210	Introduction to Discrete Mathematics*
MATH 221	Differential Equations I*
MATH 222	Differential Equations II*
MATH 250	Linear Algebra*
MATH& 264	Calculus 4*

Music

Associate in Arts (AA)

The core of the Music curriculum for students who want to transfer and major in Music is found in the two-year musicianship theory, music history, and music literature classes. All students are encouraged to gain first-hand knowledge of music literature and to enjoy the experience of being part of a performing group. Individual instruction in music is also an important part of the Music curriculum.

Students wanting to transfer should complete the Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
White, Rick	360.475.7118 rwhite@olympic.edu	7-201B

Courses to consider when completing distribution requirements for an AA:

MUSC& 141	Music Theory I
MUSC& 142	Music Theory II
MUSC& 143	Music Theory III
MUSC& 241	Music Theory IV
MUSC& 242	Music Theory V
MUSC& 243	Music Theory VI

Music Ensembles

Individual Instruction

(MUSC133/134/135 Beginning Class Piano is required only of those who do not meet basic piano proficiency upon entrance.)

Nursing

Please refer to the Olympic College Nursing degree section for information on nursing program options at OC. The Pre-Nursing or direct transfer in nursing degree plan can be followed if your goal is to matriculate to another college or university to pursue a generic BSN degree. Completion of the ADN degree (Associate Degree Nursing) will allow you to apply to take the NCLEX exam to become a Registered Nurse. You are encouraged to contact the college or university nursing department where you plan to apply for any additional requirements.

Organizational Leadership & Resource Management

Organizational Leadership and Resource Management addresses leadership, supervision, and management competencies which allow those in leadership positions to effectively influence strategic planning, organizational performance, and individual performance and behavior. Individuals holding this degree understand how to enter any organization and immediately bring value by impacting people processes and maximizing organizational operations.

Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Physical Education

Associate in Arts (AA)

Students planning to major in Physical Education should complete the Associate in Arts Degree and include the following courses in their education plan.

Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
MacKenzie, Michael	360.475.7742 mmackenzie@olympic.edu	9-105

Courses to consider when completing distribution requirements for an AA:

Option 1

Designed for those students who must complete anatomy/physiology during the sophomore year. This is determined by the school to which one plans to transfer.

BIOL& 241	Human A & P 1*
BIOL& 242	Human A & P 2*
EDUC& 202	Intro to Education
MUSC& 105	Music Appreciation
PE-ED 104	Health Science
PE-ED 105	College First Aid and Community CPR

Choose one of the following two courses:

PSYC& 100	General Psychology
PSYC 102	Psychology of Adjustment

Choose one of the following two courses:

SOC& 101	Intro to Sociology
SOC& 201	Social Problems

Physical Education

2-3 credits per quarter from PEFSP or PE-RD

Option 2

Designed for those students who plan to transfer to an institution where they are allowed to complete anatomy/physiology at the upper division level.

CMST& 220	Public Speaking
EDUC& 202	Intro to Education
MUSC& 105	Music Appreciation
PE-ED 104	Health Science
PE-ED 105	College First Aid and Community CPR

Choose one of the following two courses:

PSYC& 100	General Psychology
PSYC 102	Psychology of Adjustment

Choose one of the following two courses:

SOC& 101	Intro to Sociology
SOC& 201	Social Problems

Physical Education

2-3 credits per quarter from PEFSP or PE-RD

Physics

Associate of Science (AS-Track 2)

Physicists observe and analyze various forms of energy, the structure of matter and the relationship between matter and energy. Their studies have continued to broaden our understanding of the physical world and have enabled us to make increasing use of natural resources. Physicists have contributed to scientific progress in recent years in areas such as nuclear energy, electronics, communications, and aerospace.

Students wanting to transfer to a baccalaureate institution should complete the Associate of Science (Track 2) requirements and should plan on taking one year of general chemistry, one year of engineering physics, one year of calculus and three quarters of 200 level mathematics. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Hess, Linnea	360.475.7727 lhess@olympic.edu	8-214
Roth, Daniel	360.475.7150 droth@olympic.edu	8-215

Political Science

Associate in Arts (AA)

The study of the principles, organization, and methods of government.

Students wanting to transfer should complete the Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office

Pre-Nursing Major Related Program

Associate in Pre-Nursing (DTA/MRP)

The courses generally meet the pre-nursing requirements of the four-year colleges and universities in the State of Washington; however, it is imperative that the student become familiar with the specific requirements of the institution to which transfer is planned.

See the Degrees and Certificates section of this catalog for course listings and other details.

Pre-Professional Health Occupations

(Pre-dentistry, pre-medicine, pre-pharmacy, pre-veterinary, etc.)

Associate in Arts (AA)

Olympic College offers a full two-year preparatory curriculum for students planning careers in the Health Occupations such as Dentistry, Medicine, Pharmacy, Veterinary Medicine, and Medical Technology. Such students should anticipate an additional two years of work to obtain a Baccalaureate Degree and an additional one to four or more years of graduate work. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Science and Math Advisor

Schedule an appointment with the Advising Center at 360.475.7530.

Psychology

Associate in Arts (AA)

Students who intend to major in Psychology at a four-year institution should follow the distribution requirements for an Associate in Arts Degree.

Basic writing and mathematics skills are essential to most four-year programs. Since Psychology entails a wide range of philosophies and specialties, the specific courses taken within the AA program should be selected with the help of an advisor. While the specific courses recommended depend on the individual goal of the student, the courses listed below will serve as a useful guideline. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Summers-Ewing, Dora	360.475.7286 dsummers-ewing@olympic.edu	4-330

Courses to consider when completing distribution requirements for an AA:

PSYC& 100	General Psychology
PSYC& 200	Lifespan Psychology
PSYC& 220	Abnormal Psychology

Social Work

Associate in Arts (AA)

Social Work is an interdisciplinary field that prepares graduates for work on behalf of individuals, groups and institutions in many cultures. The aim is to empower and improve the life circumstances of everyone touched by services ranging from individual psychotherapy all the way to international healthcare delivery systems planning. People of all ages and social circumstances receive the benefits of social work intervention.

Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Cohen, Mirelle	360.475.7553 mcohen@olympic.edu	4-344

Required prerequisite courses:

MATH& 146	Intro to Statistics*
PSYC& 100	General Psychology
SOC& 101	Intro to Sociology

Sociology

Associate in Arts (AA)

Students who wish to become Sociology majors at a four-year institution should follow the distribution requirements for an Associate in Arts Degree. They should emphasize English to develop good writing skills. Mathematics skills are necessary to prepare the student for higher-level statistics courses for BA, MA, or Ph.D. Degrees. Competence in one world language is also required in almost all graduate programs. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Faculty	Contact	Office
Hicks, Allison	360.475.7417 ahicks@olympic.edu	4-342

Courses to consider when completing distribution requirements for an AA:

BIOL& 175	Human Biology w/Lab
ECON& 201	Micro Economics*
ECON& 202	Macro Economics*
MATH& 146	Intro to Statistics*
PSYC& 100	General Psychology
SOC& 101	Intro to Sociology

Technical Design

Generally, Technical Design is a graphic communications program. Those students considering enrollment in advanced programs requiring graphic communication skills such as architecture, engineering, or design, can consider this program as a way to develop core skills, graphic communication skills, and portfolios necessary to be accepted into and be successful and competitive in university bachelors and masters programs. Students should refer to the Certificates of Recognition for their particular area of interest as a guide to which classes are recommended for specific transfer programs. They should also meet with a Technical Design advisor to discuss their strengths and weaknesses and to tailor a program to their particular needs and goals.

The Associate in Technical Design Degree is not transferrable to most bachelor programs. Students who intend to major in Technical Design at a four-year institution should follow the distribution requirements for an Associate in Arts Degree. Students considering transferring to other colleges or universities should verify their transfer requirements before finalizing their education plan.

Raty, Ron	360.475.7389 rraty@olympic.edu	12-204
Sanchez, Peter	360.475.6552 psanchez@olympic.edu	12-202

World Languages

Associate in Arts (AA)

The World Language discipline is designed to satisfy the requirements for:

- Students transferring to a four-year institution, and
- Students planning to acquire a basic practical knowledge of American Sign Language, French, German, Japanese, Korean, or Spanish.

The courses center around the acquisition of a basic vocabulary to express familiar and daily situations, a functional use of grammatical patterns, and a knowledge of cultural aspects of the countries whose language is being taught.

The objective of the curriculum is to develop the four basic skills of language training: Listening comprehension, speaking, reading, and writing, through audio-visual and audio-lingual methods.

Students wanting to transfer to a baccalaureate institution should complete the Associate in Arts Degree. Students should work closely with an advisor at the baccalaureate institution they plan to transfer to before finalizing their education plan.

Courses to consider when completing distribution requirements for an AA:

Languages

Three consecutive quarters of any world language

ANTH& 207	Linguistic Anthropology
HIST& 117	Western Civilization II
MUSC 101	Fundamentals of Music

Other Transfer Opportunities

Transferring with a Professional-Technical Degree

In addition to the subjects listed above, there are many other possible educational directions you may pursue after achieving your educational goals at Olympic college. For example, all Associate in Applied Science – Transfer (AAS-T) degrees are designed to transfer to at least one specific institution. Also, some colleges will accept professional-technical degrees in transfer, although usually with some limitations such as a higher GPA or minimum number of fully transferable credits.

Central Washington University's Bachelor of Applied Science, Information Technology and Administrative Management (BAS-ITAM) degree is open to students with any applied or technical degree and at least 40 credits in an applied area. Concentrations include Administrative Management, Information Technology, and Cyber Security.

Central's Apparel, Textiles, and Merchandising Bachelor of Science Degree program accepts six Fashion Marketing courses in transfer toward this degree. See Fashion Marketing program information for qualifying courses.

The Evergreen State College offers the "upside down transfer option" for Professional-Technical Degrees. Students must meet additional requirements. Check with The Evergreen State College for more information.

Be sure to check with an advisor at your future college before finalizing your educational plan to make sure you do not end up retaking courses. If you plan to continue your education after completing a professional-technical degree (Associate in Technical Arts or Associate in Applied Science), it is usually better to select

courses which are generally accepted in transfer whenever possible. For example, choose ENGL& 101, English Composition I, rather than BSTEM 150, Business English; and MATH&107, Math in Society, rather than BMGMT 140, Business and Personal Math. See the Associate in Arts degree for more information on which courses are fully transferable. If a given degree is not designed for transfer, the receiving college will evaluate each course transferred. Even though the DTA generally meets lower division GUR, it is possible that not all 90 credits will be accepted due to grade, subject, or other reasons.
