Welcome New Students!

In Fall 2018, Office of International Education welcomed 33 new students from 9 different countries. During the orientation, International Student Peer Mentors, Aya, Yuxuan, and Chun-Ho provided a campus tour on Bremerton campus to show useful resources such as Writing Center, Computer Lab, and Haselwood Library. In addition, students were oriented about basic information regarding expectations of academic international students, health insurance, campus safety, and local resources including how to ride Kitsap Transit Bus.

Lastly, all the new students enjoyed a field trip to Seattle with International Student Peer Mentors and Office Assistants. We separated students into three different groups which were lead by the peer mentors and the office assistants. They took the students to Pike Place Market, an Asian grocery store called Uwajimaya to buy some Asian food, and also introduced some nice Asian restaurants in Seattle that they could enjoy later. Fun day at the Seattle Field Trip concludes our orientation week, and all the students went back to their place and were ready for their new school life. We are very happy to welcome them to OC. We wish them very best for their academic success and bright future at Olympic College! –Siyi
