

Summer Friday Activities

During this 2018 summer quarter, the Office of International Education and Study Abroad had successfully provided fun Friday activities for international students that were staying here for the summer session.

One of the events was a field trip to Wild Waves Theme & Water Park. If you want to relax and enjoy under the sun, you will have a great time with the water rides. However, if you're looking for something more thrilling, there are different roller coasters in the park for your enjoyment. During the trip, two of our students rode a roller coaster for the very first time!! All of us had fun and enjoy our time at the park. Furthermore, the students at the trip definitely got to know each other a lot better.—Jayden

TREASURE BOX

'Bibimbap' is one of the traditional Korean meal. The word literally means 'mixed rice' in Korean.

Bibimbap is served as a bowl of warm white rice topped with namul, gochujang, raw or fried egg, sliced beef. Those are common ingredients for bibimbap, but ingredients can be changed according to one's preference. That is the characteristic of bibimbap, because bibimbap rice made by mixing various types of food. When you eat bibimbap, you have to mix those ingredients well. If you eat those ingredients separately, you won't taste the best flavor of bibimbap. — Jace
