**Others in Attendance:**

George Cascante  
Douglas Beck

The meeting was called to order by SGOC President at: 7:37 AM

**A. Special Order**

- UAV Club:** Unmanned Aerial vehicle. Their motivation was a vehicle that someone built that surpassed 500 mph. Their aim is to try and get near that number and learn from the designing process. They are getting help from the various departments in the college. They are currently working on the turbine. They have done a lot of machining and designing side of things. They will be using wireless controls. WSU students have been helping out quite a bit as well. The process is providing educational opportunities. The project they are working on makes the process more real for the students. They got a Perkin's grant to purchase items. Classes are M-W 5:30-9 PM currently. The advisor was able to combine Olympic students and WSU students because he is a teacher for both institutions. All S&A items that are used for making items, can't be used for a mandatory grade. These class times are open for non-students to attend as well. Motioned by Destiny and seconded by Katrina.

Approval of Charter

<b>Jayne Barton – VP of Finance</b>	<b>Y</b>	<b>Katrina Lund – VP of Diversity and Equity</b>	<b>Y</b>

## B. New Business –

- **Direct TV:** The direct TV package that Drayton had set up last year is going through. We are unsure what is actually going through with that. There was no work order set up. Everything is scheduled to happen over the holiday season. Steve is checking up on the details. This is dealing with the installation. Cable was supposed to be installed in the BSC and into our office. Cable has to be hooked up in the office. We want cable in the office to stay up on current events. If we get cable in the office, we will be streaming news stations. Everything will be coming from Tech Fee. As mentioned in the Tech Fee meeting last week, the responsibility of the monthly cable bill is on SGOC. We will be revisiting this to vote on the contract.
- **Additional Computer:** The office next to Deb’s office is being turned into a support center. 2-3 times a week, KCR will be in the office. An actual advisor might come over to work out of that office. Faviola has requested a computer, but there is none available at this time. There is a computer in the club room that could be utilized. The office is set up to get started in January. We will revisit this later when we know the cost. We will try and get the computer in club room tested first.
- **Holiday Party for Students:** It’s at the tail end of the quarter and everyone has finals coming. We are not looking to spend any money. We want to put something out in the BSC to help the students drink and desert wise. We are looking to have drinks and food that can be donated. Faviola and Destiny would like to introduce the idea of giving out goodie bags with energy food for students studying. We are going to try and keep the costs very low. On the other campuses they will be holding similar end of the quarter bashes.

## C. Broke for an Executive Session at 8:22 AM

## D. Returned from Executive Session at 8:48 AM

## E. Reports of the Student Government of Olympic College

- **SGOC President: Shannon Turner** – Trying to get a veteran representative to have a public forum for VA questions regarding schooling. It should be happening during Winter quarter. Trying to bring in Senator Rolfes and Hansen to take a tour of the college. Setting up an appointment for Fishline for Morgan as community outreach. We will do more community outreach.
- **SGOC Executive Vice President: Nic Shakley** – Have been helping out other people.
- **SGOC Vice President of Finances and Operations: Jayne Barton** – Went to Olympia and found out funding options for colleges in state. Trying to get the budgets aligned. Might be accomplished by Winter.
- **SGOC Vice President of Student Life: Kyra-Marie Skibbe** –
- **SGOC Vice President of Diversity and Equity: Katrina Lund** – Homeless events went well. Shelton event went well. Students needed the help. Resources got sent out to students. They will be sending more clothes out to Suzy through the help of Jayne. The Campout was awesome. We had 20-25 people collect items. The board is

up for all three campuses. Not much will be happening. Just information regarding human rights.

- **SGOC Vice President of Public Relation: Destiny Tonstad-** Quarter is winding down. Will be following up on the town hall meeting in Bremerton as well as homelessness event. Some of the lunch bags from her class program will be going out to Suzy. Shannon and her discussed the tracking of the lunches. And if they are working out, to maybe remake some of these lunches for students to come out of the food bank budget.
- **SGOC Vice President of Poulsbo: Morgan Matthews** – Does not have a lot going on right now. Trying to figure out something to do for the holidays for the end of finals. Katrina is available for help.
- **SGOC Vice President of Shelton: Susan Ronald-** Ground breaking was successful. Jake French was great. ASGA conference went great. Town hall happened. Food was provided by Kern's kitchen. We got 2 homeless students off the street this week by keeping an eye open and having resources. Volunteered at the Veteran Stand Down. Security is a big issue.
- **SGOC Advisor: Faviola Barbosa-** Sent out an email. December 12<sup>th</sup>, the first retreat will be held. We will hopefully have everything scheduled on this day. On the 14<sup>th</sup>, we will have the second part of our retreat and that evening we will have a Christmas party. We will bring in our families. If officers are going to go to the Human Rights Conference, we need to inform Suzie regarding registration.

**F. Adjournment at: 8:57 AM**
