A. New Business –

- Blended:** The Blended Magazine is being brought under the Olympian. Art items are going to be brought and voted upon by students to be added to the physical publication. The Olympian wants to help with the contract they have with Sound Publishing. The website has been integrated to add Blended into the page. The website has options for students to submit, view Blended, and contact people regarding the publication. This will help expand the Olympian as well ad get students involved.

Blended and Olympian are trying to bring products for the students so a partnership makes sense. Blended is designed to showcase and appreciate work that the students can be proud of. It is meant to bring community to the campus. They have different kinds of advertising already set. Poster, fliers, pens and recommendations from teachers are put out in order to get students interested in submitting. The Deadline for submissions is March 1st. The Olympian is going to assist in advertising.
