

WASHINGTON
Celebrating 30 Years in STEM Education

Studying Math or Science?

MESA may be able to help you!

Read on or visit us to find out about services we offer.

ACADEMIC SUPPORT

With education as a priority, MESA offers services to help you succeed academically.

- Tutoring and academic workshops
- Small group study sessions
- Study-skills workshops
- Peer mentoring and support

Study session participants are seeing a 97% pass rate in math/science courses.

What is MESA?
Mathematics, Engineering, Science Achievement (MESA) is a program that assists students who plan to transfer to a 4-year college or university in pursuit of a Science, Technology, Engineering, Mathematics (STEM) or related degree.

SKILL-BUILDING

MESA promotes development of academic and personal career skills through supplemental workshops.

- College Orientation
- Personal essay and Resume
- Scholarships search help
- Interview tips and practice

FINANCIAL SUPPORT

Education and living expenses can get in the way of your academic success. MESA can help you offset the burden.

- Scholarships
- Employment
- Application assistance
- Textbook/calculator loans

Students who are educationally or economically disadvantaged or from populations underrepresented in STEM, including females and racial or ethnic minorities are especially encouraged to apply

LEADERSHIP AND COMMUNITY SERVICE

Leadership and service are both important considerations for scholarship awards and university admissions.

- WA MESA Statewide Leadership
- Professional/Industry conferences
- Washington State Science and Engineering Fair judging
- Ongoing opportunities in your field.

MESA student, Maria Andrade, was selected as one of 15 Google LIME Scholars nationally—the only recipient from a community college. She received \$10,000 to continue her education

CAREER EXPLORATION

Working with industry partners, MESA offers opportunities to explore career options early in your education.

- On-campus speakers
- Off-campus field trips
- Internships, Job shadowing
- Guidance from program staff

TRANSFER ASSISTANCE

MESA offers personal assistance with your transfer to a 4-year college or university.

- Educational plan development
- Ongoing academic planning
- Help selecting the right university
- Application assistance
- Campus Visits

Mathematics, Engineering, Science Achievement (MESA) is a nationally recognized program that looks beyond traditional student populations to meet future and global workforce demands in science, technology, engineering, and mathematics (STEM).
