URGENT / PLEASE READ:

This brochure is a summary of the Plan. It provides basic information related to the types of expenses you must pay for covered services before the benefits of this plan are provided. To prevent unexpected out-of-pocket expenses, it’s important for you to understand what you’re responsible for. To find out the specific dollar amounts of any applicable copayments, deductible, coinsurance and out-of-pocket maximum as well as when they apply, please see the Schedule of Benefits section.

To find out what is NOT covered under the plan, please refer to page 18 “General Policy Exclusions.” Please note: this plan has a limited waiting period for pre-existing conditions.

NOTE: This insurance is not subject to, and does not provide certain insurance benefits required by the United States Patient Protection and Affordable Care Act (PPACA). PPACA requires certain US citizens or US residents to obtain PPACA compliant health insurance or “minimum essential coverage.” PPACA also requires certain employers to offer PPACA compliant insurance coverage to their employees. Tax penalties may be imposed on US residents or citizens who do not maintain minimum essential coverage and on certain employers who do not offer PPACA compliant insurance coverage to their employees. In some cases, certain individuals may be deemed to have minimum essential coverage under PPACA even if their insurance coverage does not provide all of the benefits required by PPACA. You should consult your attorney or tax professional to determine whether this policy meets any obligations you may have under PPACA.
INTERNATIONAL STUDENT HEALTH PLAN

- Keep your insurance card with you at all times, and show it to the doctor or hospital when you seek medical treatment or call for appointments.
- You may contact a Firebird representative 24 hours a day, 7 days a week at the phone number listed on your insurance identification (ID) card or on the back of this booklet.
- You may choose any doctor you wish, but if you use a doctor in our Preferred Provider Organization (PPO) network, it may save you money.
- You can locate doctors and hospitals participating in the PPO network on the web by logging in at: www.fiig-insurance.com.

WHO IS ELIGIBLE TO ENROLL

Eligible Classes: All non-resident individuals participating in educational activities (on a full-time basis, as required in order to maintain their visa class status).

Dependent spouses and children are not eligible for coverage under this policy.

The Eligible Participant must actively attend classes for at least the first 31 days after the date for which coverage is purchased.

This plan is for international students engaging in educational activities only. It does not provide coverage for dependent spouse or children. For information regarding dependent coverages, please contact Firebird at admin@fiig-insurance.com.

Persons eligible to be a Plan Participant: Participants under the Plan Document are those persons described as an ELIGIBLE CLASS on the Schedule of Benefits. This includes anyone who may become eligible while the Plan Document is in force.

The Insurer has the right to investigate eligibility status and attendance records to verify eligibility requirements are met. If it is discovered the eligibility requirements are not met, the Insurer’s only obligation is to refund any premium paid for that person.

Reduced-Course Load: A student will only be allowed one approved medical reduced course load term per plan year, at the request of a treating physician and approved by the participating institution.

Vacation Term: Students on an approved vacation term are considered eligible and can continue their coverage, providing the required premium has been paid.

Practical Training: All practical training students (OPT/CPT) that have had coverage prior to applying for OPT/CPT are eligible for coverage as long as the student is on the participating institution’s I-20 and coverage must remain in effect throughout the practical training period. If there are any gaps in coverage during the practical training period, eligibility for coverage will terminate.

PRE-EXISTING CONDITION LIMITATION

We do not pay benefits for loss due to a Pre-Existing Condition incurred during the first 3 months of coverage. Pre-Existing Conditions will be covered after the Plan Participant's coverage has been in force for 3 months, providing it is a covered benefit under the policy. Please see the definition of Pre-Existing Conditions on page 25 of this booklet.

Pregnancy is NOT considered a pre-existing condition. Coverage for delivery or elective/therapeutic termination of pregnancy benefits will only be available if conception occurs while you were insured under the plan.

COORDINATION OF BENEFITS

When a covered person is covered under more than one valid and collectible insurance plan, benefits payable will be coordinated with the other plan. Reimbursement from all plans will never exceed 100%. A complete description of the Coordination of Benefits provision is included in the master policy on file with Firebird International Insurance Group, LLC.

Any requests for coverage and refunds must be made by the participating institution in writing to Firebird, along with the circumstances initiating the request. All refunds are calculated in 30-day increments of unused premium.
